

Gaining your consultant post can be a real challenge. We can help you to avoid some of the most common pitfalls.

Applying to the specialist register using article 14 PD05w

5

external CPD points

SAS doctors

Introduction

This workshop provides an introduction to the CESR process and takes delegates through the entire application process – from which evidence to include and how to present this clearly, common pitfalls and how to overcome them to preparing an effective CV. You will work in groups to assess the key requirements of a consultant within the modern National Health Service and there will also be advice and guidance on how you can gain your consultant post, complete with practice interviews.

Course structure

- one-day workshop

Course benefits

- The time and space in which to work with other doctors in understanding and exploring many of the issues around this complex subject.
- The opportunity to develop and practise key skills with the support of colleagues and useful input from an experienced facilitator.
- A valuable contribution towards your ongoing learning as the course delivers five external CPD points.

Workshop objectives

- In line with specific Deanery CPD strategy for SAS doctors, explain to participants what the Article 14 application process in support of the Certificate of Eligibility for Specialist Registration (CESR) is and how it works
- Offer guidance and support on the key points to cover when making an application, including the documentation, FAQs and appeals
- In particular, to discuss what makes an effective CV and explain how 360° appraisal fits into the process
- Advise participants on how to prepare for their consultant interview
