

With so much to do and so little time in which to do it, here's how to focus on your priorities.....

Time management

PD08w

3 external CPD points

all doctors

Introduction

This workshop is designed to assist all doctors in making the best possible use of their time, through better understanding and the application of time management principles.

Course structure

- half-day workshop

Course benefits

- The time and space in which to work with other doctors in understanding and exploring many of the issues around this complex subject.
- The opportunity to develop and practise key skills with the support of colleagues and useful input from an experienced facilitator.
- A valuable contribution towards your ongoing learning as the course delivers three external CPD points.

Workshop objectives

- Address the current demands faced by doctors and consider the benefits of applying time management principles
- Assess the doctor's time management skills
- Understand why time management strategies are not fully utilized
- Apply a time management model
